AFFILIATION OFFICE BUILDINGS' PROJECTS

TOWN HALL BRONCKHORST

EXCEPTIONALLY SUSTAINABLE AND EXTREMELY ENERGY EFFICIENT

SUSTAINABLE OFFICE

- The highest achievable Green Calc A+ Label
- Passive building principles
- Energy use of only 36 %, compared to the standard of the building regulations
- 280 shutters have been installed to keep out a surplus of solar heat, so that the building will not heat up too much during daytime
- The innovative concept is the possibility to close them during the night and thus keep the heat inside the building
- CO₂ directed ventilation, which will never go below one third of the minimum

SUSTAINABLE OFFICE

- Geothermal Heating/Cooling System
- Radiant in-floor heating/cooling
- Floor and space conditioning is adjustable per area
