for Educational Projects

why we can..?

Because, since 1988 when TALIMIA started its business in Cairo, it took an oath to be innovative & customer oriented firm that matches the international standard in respects to its core values, such a progression is not an easy mission, with 4 different companies, over 1000 workers and employees, spreading their work over 4 continents, we able to design, build, furnish a complete integrated solutions for every project.

First Oasis in a Big Desert

Back in 1970s the TALIMIA founders start ed to create their career investing in education in the Middle East.

TALIMIA believes that learning environment should be attractive, comfortable, practical& enhances the education processes.

As a result of our decades of experience and investment in education in the Middle East, our group is seen as a leader of the educational sectors. Nevertheless, to continue our remarkable achievements we believe that there is still much to do.

In 1987 one of second generation of the founders of TALIMIA established the first architecture consultancy office specialized in education projects in the MENA region under the name of "DARELOMRAN". Located in MENA region and founded in Cairo, Egypt, DARELOMRAN has provided design services in architecture, urban design and interiors for a wide variety of Educational projects.

Early in 2009 this company changed its name to HANDASSIA and expanded its services to meet the growth of needs in education sectors in MENA region.

Later that year HANDASSIA joined the first Design, Build, Furnish Educational Consortium with another 2 companies of the TALIMIA Group "The leading supplier for educational integrated services in the Middle East whom are TALIMIA Contract Projects & EDUFUN Furniture.

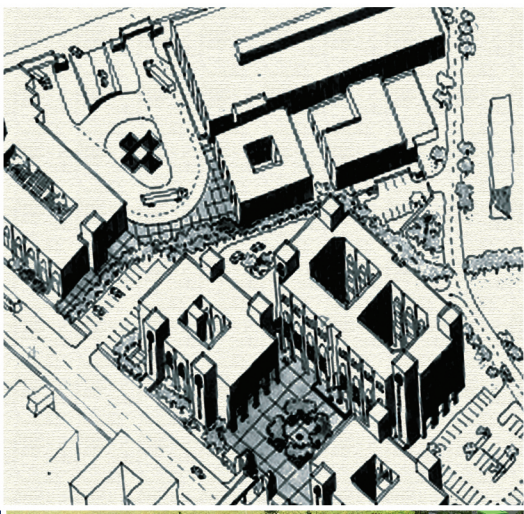

TALIMIA Contract Projects began its construction career in 1999 with little more than ability and enthusiasm to its ethics. Yet even at the start, TALIMIA Contract Projects is a company with a core of skilled professionals that could consistently deliver high quality construction at a competitive price. Today TALIMIA Contract Project screates award-winning multi-million dollar facilities throughout Middle East. We perform all tasks with our own team of skilled craftsmen, and effectively manage our projects during construction. We stick to our time tables and complete projects on schedule.

TALIMIA Furniture, EDUFUN Furniture & Alaab started supplying the local and regional market with high quality ergonomic, designed with passion and manufactured up to the international standard since 1989 covering all the educational spaces starting with Kindergarten spaces, classrooms, labs & outdoor play equipment.

Creating Better Learning Environment

design it...

Every project begins with an idea or concept, large or small, and it is the ability to embrace that idea and really make it your own. HANDASSIA has gathered together a talented and diverse group of architects & designers and support staff that encompasses a wide range of talents and backgrounds. We work with you, and your ideas to help you define your unique educational project. We help you create a new layout, present you with design options, specify and provide you with all the materials needed to see the vision come to life.

design

build it...

The team at TALIMIA Contract Projects has teamed up with highly skilled contractors that understand working with a design team and can, with confidence, alter any space of your project from what it is today, to what it can be tomorrow. Our project managers work closely with contractors to make sure your vision is understood and translated to your finished project. If you already enjoy a relationship with a contractor, we can work together with them to perfect your design.

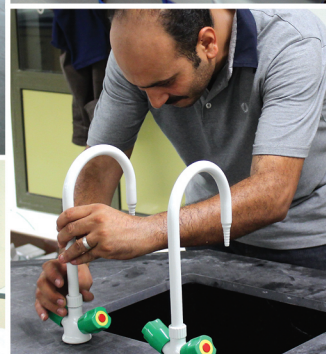

build

furnish it...

Whether you are looking for a single piece to complete your project, or looking to start from a blank slate, TALIMIA Educational Furniture & EDUFUN Furniture add the finishing touches to your project with stylish, unique, and functional furniture and accessories. Furniture plays a big part in creating better learning environment, the right furniture and accessories complete your design, and breathe new life into your project. We carry many of the region's best furniture lines, and even if we don't have it in our production facilities, chances are we can find a special solution for you that fits with the design and the project theme. TALIMIA Educational Furniture & EDUFUN Furniture is the symbol for a wide range of educational furniture, it relies on its experience which has been built over 20 years in the field of furnishing educational institutes & co-operating with specialized international partners.

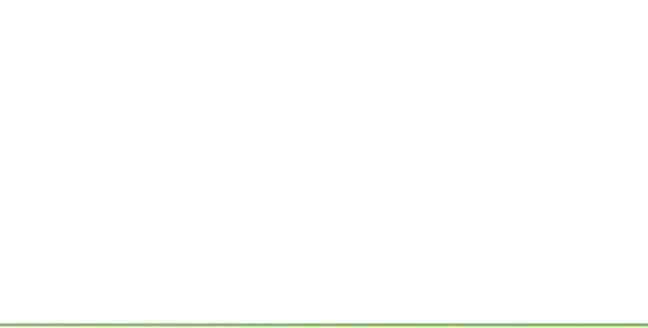

furnish

landscape it...

We are the leading Egyptian manufacturer of outdoor wooden play equipment for educational, commercial and residential use. **Alaab** offers a wide range of equipment includes wooden climbing frames, imaginative play like houses and sandboxes, stages, wooden shelters, tables, benches, fencing, planters and many types of safety surfacing.
